SUBCOMMITTEE MEETINGS REPORT

Land Resources SubCommittee

No report presented.

SUBCOMMITTEE MEETINGS REPORT

Water Resources SubCommittee

Mr. Meisner, Water Resources Subcommittee Chairperson, presented a report for the Water Resources Subcommittee meeting held on January 14, 2010.

Variations – Conditions – Mr. Meisner reported that the Subcommittee agreed during the November 12, 2009 Subcommittee meeting that the TPNRD would continue to process variance requests in January, 2010, using the current Rules and Regulations and specified conditions until such time as revised Rules and Regulations are implemented.

Mr. Meisner reported that the Subcommittee agreed that the following conditions, unless waived, would apply to variances processed until such time as revised Rules and Regulations are implemented:

- 1) Landowner(s) file with the County Register of Deeds that the land has been decertified and will not be irrigated in the future and proof of the filing is provided to the TPNRD.
- 2) Proof of ownership provided to the TPNRD.

TWIN PLATTE NATURAL RESOURCES DISTRICT  
Board of Directors Meeting Minutes – January 14, 2010

- 3) Twelve (12) month limitation for transfers to physically take place. If a transfer has not happened in the 12 month time frame, the transfer permit will become void and the producer will not receive a refund for the permit fee. Transfers into the water bank will not have a time limitation.
- 4) If there are contracts for state or federal programs requiring previously irrigated lands to not be irrigated, it is the responsibility of the landowner, and NOT the TPNRD, to be in compliance with those contracts.
- 5) Landowner(s) sign a notarized affidavit that the TPNRD is not responsible for any new depletions and offsets that may be required by other parties.

Ground Water Management – Variances – Requests – Scott and Karie Hansmeier – Mr. Meismer reported that the District has received a request for a variance from Scott and Karie Hansmeier. Mr. Meismer asked Mrs. Dimmitt to report on the request.

Mrs. Dimmitt reported that the TPNRD received a request from Scott & Karie Hansmeier to drill a supplemental ground water well to irrigate their already certified 250.7 ground water irrigated acres in the NE¼ and NW¼ Section 18, Township 12 North, Range 37 West, Keith County, Nebraska. Mrs. Dimmitt reported that Scott & Karie Hansmeier currently have a registered irrigation well irrigating two pivots, pumping roughly 1885 gpm over 250.7 acres. Mrs. Dimmitt reported that the supplemental irrigation well being requested will allow the Hansmeier’s to drill another irrigation well for the east pivot. Mrs. Dimmitt reported that they would like a new well for the eastern most pivot so that they can use their water more efficiently. Mrs. Dimmitt reported that there would be no new irrigated acres associated with the well. Mrs. Dimmitt reported that in the Directors’ Board meeting notebook was an aerial photo of the area.

Mr. Meismer moved the Water Resources Subcommittee’s recommendation to the Board of Directors to approve granting a variance to Scott & Karie Hansmeier to drill a supplemental ground water well in the NE¼ Section 18, Township 12 North, Range 37 West, Keith County, Nebraska conditioned on Scott & Karie Hansmeier providing the TPNRD proof of ownership, and a signed and notarized affidavit that the TPNRD is not responsible for any new depletions and offsets that may be required by other parties, and that the supplemental ground water well must be installed within 12 months and if the ground water well is not installed in the 12 month time frame, the variance will become void and Scott & Karie Hansmeier will not receive a refund for any charges associated with the variance. Mr. Wiseman seconded the motion. The motion carried. (Motion #2)

Ground Water Management – Variances – Requests – Walz Farms LLC – Mr. Meismer reported that the District has received a request for a variance from Walz Farms LLC. Mr. Meismer asked Mrs. Dimmitt to report on the request.

TWIN PLATTE NATURAL RESOURCES DISTRICT  
Board of Directors Meeting Minutes – January 14, 2010

Mrs. Dimmitt reported that the TPNRD received a request from Walz Farms LLC to drill a supplemental ground water well to irrigate their already certified 283.61 ground water irrigated acres in the SE<sup>1</sup>/<sub>4</sub> Section 22, Township 16 North, Range 28 West, and in the center of the N<sup>1</sup>/<sub>2</sub> Section 27, Township 16 North, Range 28 West, Lincoln County, Nebraska. Mrs. Dimmitt reported that the Walz Farms LLC currently has a registered irrigation well irrigating a pivot of corn, pumping roughly 900 gpm. Mrs. Dimmitt reported that the supplemental well is being requested so they can drill another irrigation well for the pivot that was developed in 2005. Mrs. Dimmitt reported that they currently use one well to run both pivots. Mrs. Dimmitt reported that their cropping rotation is such that it would not change with the new well. Mrs. Dimmitt reported that on the north pivot, or the pivot developed in 2005, there is a large hill that barely clears the southeast side, and due to that fact they currently plant a feed crop, soybeans, wheat, or a crop that is lower to the ground that will not interfere with the pivot clearing the hill. Mrs. Dimmitt reported that they would like a new well for this pivot so that it can be used more efficiently than currently irrigating two pivots with one well. Mrs. Dimmitt reported that there would be no new irrigated acres. Mrs. Dimmitt reported that in the Directors' Board meeting notebook was an aerial photo of the area.

Mr. Meisner moved the Water Resources Subcommittee's recommendation to the Board of Directors to approve granting a variance to Walz Farms LLC to drill a supplemental ground water well in the SE<sup>1</sup>/<sub>4</sub> Section 22, Township 16 North, Range 28 West, Lincoln County, Nebraska conditioned on Walz Farms LLC providing the TPNRD proof of ownership, and a signed and notarized affidavit that the TPNRD is not responsible for any new depletions and offsets that may be required by other parties, and that the supplemental ground water well must be installed within 12 months and if the ground water well is not installed in the 12 month time frame, the variance will become void and Walz Farms LLC will not receive a refund for any charges associated with the variance. Mr. Schilz seconded the motion. The motion carried. (Motion #3)

DIRECTORS REPORTS

Nebraska Association of Resources Districts – Board of Directors Meeting – No report presented.

Nebraska Association of Resources Districts – Legislative Conference, January 25-27, 2010 – Mr. Meismer reported that the Nebraska Association of Resources Districts annual Legislative Conference will be held January 25-27, 2010 in Lincoln, Nebraska. Mr. Meismer reported that in the Directors’ packet was the tentative agenda. Mr. Meismer reported that all directors, excluding Mr. Petersen, indicated that they plan to attend the Conference. Mr. Meismer reported that Senator Ken Schilz will participate in a dinner with representatives of the TPNRD attending the conference on Monday evening, January 25, 2010 and that Senator Tom Hansen will participate in a dinner with representatives of the TPNRD attending the conference on Tuesday evening, January 26, 2010.

Sandhills Resources, Conservation & Development Council – No report presented.

Board of Directors Elections 2010 – Mr. Rubenthaler reported that the deadline for Incumbents filing for re-election is February 15 and the deadline for Non-Office Holders is March 1. Mr. Rubenthaler reported that the TPNRD Director seats up for election in 2010 are Sub-District 1 (Eric Hansen), Sub-District 2 (Joe Wahlgren), Sub-District 3 (Doug Stack), Sub-District 4 (Dale Margritz), Sub-District 5 (Jim Meismer), and At Large (Jim Rubenthaler).
